## Tivan receives commitments for \$4.5m share placement

The Board of Tivan Limited (ASX: TVN) (“Tivan” or the “Company”) is pleased to announce that it has received firm commitments from Australian and international institutional and sophisticated investors to raise up to \$4.5 million via a placement of up to approximately 69.2 million fully paid ordinary shares (“Shares”) in the Company at an issue price of \$0.065 per Share (“Placement”), alongside an offer of up to approximately 34.6 million free-attaching options to Placement participants.

Funds raised from the Placement are intended to be used to fund progression of the Speewah Fluorite Project, the Sandover Project and the Speewah Vanadium Titanomagnetite Project (including TIVAN+ technology and vanadium electrolyte development work), debt retirement, corporate / offer costs and to provide general working capital.

The Term Sheet for the Placement referenced a raise of approximately \$3.5 million. The Board exercised its discretion to upsize the proposed raising and accept bids up to \$4.5 million to extend the runway for project initiatives and to retire debt related to the Speewah Project acquisition and the recently issued convertible notes (at the election of Tivan). The resulting cash buffer de-risks the Company at the enterprise level and will fund the achievement of upcoming milestones in 2H of 2024.

### Placement Details

Tivan has received firm commitments to place up to approximately 69.2 million Shares at an issue price of \$0.065 to raise up to approximately \$4.5 million (before costs of the offer). The issue price represents an 11.0% discount to the last closing price of A\$0.073 per Share on 28 June 2024 and a 5.1% discount to the 15-day volume weighted average price of A\$0.068 per Share.

New Shares under the Placement will be issued using the Company’s available capacity under ASX Listing Rule 7.1A, and will rank equally with the Company’s existing Shares on issue.

CLSA Australia Pty Limited and amicaa Advisors Pty Ltd are acting as Joint Lead Managers to the Placement, and Evolution Capital is acting as Co-Manager to the Placement. The Placement is not underwritten.

### Placement Options

Alongside the Placement, the Company has agreed to offer Placement participants free-attaching options with an exercise price of \$0.12 each and expiring on 30 June 2027 (“Placement Options”) on the basis of one (1) Placement Option for every two (2) Shares the subject of confirmed commitments under the Placement (“Placement Options Offer”). No funds are being raised from the Placement Options Offer.

The Placement Options Offer will be made under a prospectus intended to be lodged with ASIC and ASX on or around 9 July 2024. Up to approximately 34.6 million Placement Options are expected to be issued under the Placement Options Offer using the Company’s available capacity under ASX Listing Rule 7.1.

In the event that the maximum number of Placement Options are applied for, issued and subsequently exercised, the Company will receive approximately \$4.1 million in new funds (there is however no guarantee that any Placement Options will ultimately be exercised).
